Bring Ori Home Today: A hostages mother visits

Mrs. Danino, mother of one of the hostages held in Gaza, visited The Special Children's Center. Despite the traumatic experience her family is experiencing, Mrs. Danino's Emunah is unwavering. It was a touching to see her bond with the children and share messages of Chizzuk to all those around her. Mrs. Danino's visit will remain etched in our hearts as a beacon of hope and strength, as we continue to pray for the safe return of her son Ori and the other hostages.
